

ZERO PLUS BARISTA - 2 GROUPS

ALL DALLA CORTE TECHNOLOGY Zero Plus embodies the pinnacle of Dalla Corte innovation: electronic flow regulation (Digital Flow Regulation), 0.75 L integrated multi-boiler system per group, automatic grind adjustment (Grinder Control System), virtual weighing (Real Time Weight), and remote control (Online Control System).

CREATE YOUR PROFILE Control water flow with precision through the digital settings, or follow your instincts with the freestyle mode. From 3 to 9 grams of water per second, unlock the full aromatic potential of every single origin or blend.

SAVE YOUR RECIPE Your personal coffee menu: the extraction profiles can be saved and named in Zero Plus' library.

REPLICATE YOUR SHOT Unlimited creative freedom: saved profiles ensure that every cup is perfect, identical to the last, with consistent extraction parameters.

2 GROUPS
