MINA

PATENTED TECHNOLOGY Our patented DFR controls the flow in each stage of extraction. The valve opening can be pre-set with a 0,01mm precision. Pre-infusion can start from 0 bar.

YOUR PERSONAL TOUCH Create your favourite profile by controlling each stage of extraction - set an automatic dosing or extract in manual mode.

PERFORMANCE The flow meter provides a perfect automatic dosing. Through the app you can check data and pre-set all parameters. DC System compatible (GCS, MCS, OCS).

INFINITE POSSIBILITIES There are infinite ways to customize Mina. Wood, metal and glass, as well as single or multi-colour coatings in opaque or transparent, matt or gloss.

dimensions (w x h x d)	385x385x410 mm
weight	33 kg
power consumption (24h-stand-by)	4 kW
max power	2850 W (230/240 V), 1440 W (115 V)
connected load	200/230 V 50/60 Hz, 115 V 50/60 Hz
boiler capacity	3 l
group head capacity	0,5 l
hot water dispenser	included
water network connection	included
GCS Grinder Control System	optional
MCS Milk Control System	optional
