

DALLA
CORTE

ZERO

ZERO BARISTA - 2 GROUPS

FUTURISTIC DESIGN A machine with strong personality and an eye-catching design that highlights Dalla Corte's technological innovations and the barista's work, introducing him into a "zero limits" dimension to express himself.

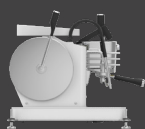

FIND YOUR FLOW With the Fixed Water Flow, the flow rate is adjustable in grams per second directly on the new digital touchscreens. Every single group can have a different flow rate - from 3 g/s to 9 g/s - fixed throughout the entire extraction.

FREESTYLE YOUR EXTRACTION With the Freestyle Water Flow, each lever on the side of Zero's brewing units is provided with 4 steps, each step is pre-set to a specific flow rate (3-5-7-9 g/s). Welcome to a "zero limits" dimension.

dimensions (w x h x d)	870 x 511 x 550 mm
weight	85 kg
max power	4,9 kW
connected load	380/400 V 3 N + T, 50/60 Hz - 220/230 V, 50/60 Hz
boiler capacity	7,5 l
group head capacity	2 x 0,75 l

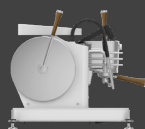

Version 230 also available
